Rice Abstracts

A quarterly journal which covers all aspects of crop husbandry and crop protection, breeding, physiology, harvesting, food technology and nutritional aspects, and economics. It started publication in 1978 and contains approximately 3,000 abstracts each year derived from the CAB ABSTRACTS database.

Editor
L.J. Wootten BSc

The CAB ABSTRACTS database is compiled from the world's scientific and technical literature. Over 40,000 published documents, including research papers, conference proceedings and papers, books, reports, patents and theses are received annually from more than 130 countries in 50 languages. This material is screened, translated, abstracted and indexed by professional and support staff, including 90 subject specialists and linguists. More than 150,000 new records are added to the database each year, the majority containing informative abstracts. Over 3 million abstracts from the world literature have been added to the computerized database since 1973, and this is complemented by a similar number in printed form before 1973, from CABI's origins in 1913.

Subscription Information
For institutions in member countries of CAB INTERNATIONAL, the subscription to volume 21 is £180.00. The subscription price for non-member countries is £225.00 (dollar rate $395.00). All orders must be accompanied by payment. Abstract Journals are available on floppy disk for the same annual price. Back volume prices are available on request. A reduced rate for personal subscriptions is available for orders placed directly with the publisher. *For details of other CABI publications and services see back cover.*

EDITORIAL POLICY

Rice Abstracts is an abstract journal produced by the CAB INTERNATIONAL Information Institute (CABI-II). CABI-II's central function is the compilation of the CAB ABSTRACTS and CAB HEALTH bibliographic databases. CABI-II aims to achieve growth of its programme through new projects, often in collaboration with other organizations and backed by external funding, for the benefit of the international community.

Rice Abstracts is derived from the CAB ABSTRACTS database, which covers the significant research and development literature in the fields of agriculture, forestry, aspects of human health, human nutrition, animal and veterinary science and the management and conservation of natural resources.

The CAB ABSTRACTS editorial policy is to:

- scan all relevant literature
- record comprehensively the most relevant and scientifically significant material
- record all bibliographic details accurately
- prepare informative, fact-filled abstracts for all items reporting new findings or reviewing original research
- write the abstracts in clear, concise, unambiguous English with consistent usage of terms and abbreviations
- index all important concepts within each record with the most appropriate terms selected from the CAB Thesaurus, CABI's controlled vocabulary.

This policy relies on the expertise of CAB INTERNATIONAL's 90 professional subject specialists and linguists who translate and summarise the international scientific literature in the subject.

LIST OF SERIALS ABSTRACTED

Listed below are the titles of the serial publications (excluding most annual reports and conference proceedings) abstracted during 1998 for this journal.
Many other serials were scanned during 1998 but no relevant articles were selected. A full list of all the serials scanned for items suitable for abstracting for the CAB ABSTRACTS database and the whole range of CABI's abstract journals is given in the *CAB International Serials Checklist, 1995 edition.* The publication includes ISSNs and publishers' addresses.

Document Delivery Service

Coverage: We can provide copies of most articles cited in the CAB ABSTRACTS journals and database. Copyright law prohibits supply of more than one article from one periodical issue on any one occasion. Books and other complete publications can be sourced and supplied and are charged at normal (retail) price plus handling/postage, for which a quotation will be sent.

Ordering: Please complete an order form, ensuring that you give full bibliographic details and attach a copy of your reference source. Requests may also be sent by post, fax or Email, or placed through online ordering systems. The cost (detailed below) is for each article irrespective of length. UK customers must add VAT, and other EC customers must either quote their VAT number (see below) or UK VAT (currently 17.5%) will be added.

Payment: Prepayment is required unless you have a CABI deposit account. Credit cards, cheques, bank drafts or international money orders (not national postal orders) are accepted and should be made payable to CAB INTERNATIONAL. Sterling cheques should be drawn on a UK bank, and US$ cheques should be drawn on a US bank. Library Services Vouchers (details on request) provide an alternative and convenient method of prepayment.

CAB INTERNATIONAL PUBLISHING

CAB INTERNATIONAL (CABI) is a not-for-profit organization in the areas of agriculture, forestry, the management of natural resources and related sciences including human nutrition and health. An active Publishing Programme, under CABI's Publishing Division, markets and publishes worldwide a range of printed and electronic products within these subject areas.

The products are mainly outputs from CABI's main databases, CAB ABSTRACTS and CAB HEALTH, which contain over 3.5 million bibliographic records of the world's scientific and technical literature published since 1973.

CAB ABSTRACTS is the world's leading bibliographic database covering all aspects of agriculture, forestry, veterinary science, soil and water science, as well as leisure, recreation and tourism, and human nutrition.

CAB HEALTH covers parasitic, tropical and communicable diseases of man (including HIV/AIDS), community and public health, human nutrition, and medicinal and poisonous plants.

FROM THE DATABASES:

CAB ACCESS
Provides fast, weekly access to the key literature in agriculture and bioscience.

ABSTRACT JOURNALS
Printed journals covering broad disciplines as well as specialist interests. Some journals also contain news and other information including review articles. Also available on floppy disk.

CD-ROM
CAB ABSTRACTS on compact disc, the CABCD, available back to 1973.

CAB HEALTH - Available back to 1973.

CAB SPECTRUM - Subject-specific discs containing at least 25 years of information on each of the major broad disciplines.

CAB COLLECTION - Narrower subject discs containing nearly 25 years of information in a unique, searchable, bibliographic archive.

MAGNETIC TAPES
Organizations with access to mini or mainframe computers may lease all or part of the CAB ABSTRACTS database.

ANNOTATED BIBLIOGRAPHIES
Printed compilations on specific topics.

SEARCH SERVICE
Question and Answer and Literature Search services are available.

ALSO:

PRIMARY JOURNALS
Bulletin of Entomological Research, Seed Science Research, Journal of Helminthology, Soil Use and Management, British Journal of Nutrition, Proceedings of The Nutrition Society, Nutrition Research Reviews and Public Health Nutrition.

NEWSLETTERS
Authoritative, accurate and up-to-date synopses of current topics reflected in the international media as well as the technical, scientific and medical press.

SERIAL PUBLICATIONS
Index of Current Research on Pigs, Distribution Maps of Plant Pests, Distribution Maps of Plant Diseases, Bibliography of Systematic Mycology, Descriptions of Fungi & Bacteria and Index of Fungi.

BOOKS
CABI has an active book publishing programme and publishes over 60 new titles every year, some of which are available in electronic form. Please contact the Commissioning Editor.

COMPENDIA
CD-ROM titles providing simple, instant access to detailed, illustrated data in the Crop Protection and Forestry areas with links to bibliographic databases, diagnostic keys and information on the Internet.

SCIENTIFIC SOFTWARE AND REFERENCE TOOLS
Interactive Taxonomic Identification Keys and authority files to arthropods, fungi and nematodes.

CABWebs
WWW sites allowing access to CABI Abstract Journals. In addition, the CABWebs give access to other useful information in relevant subject areas. The CABWebs available are PEST CABWeb - for crop protection, TREE CABWeb - for forestry and VET CABWeb - for veterinary science and animal health information.

CABI on the WWW
